

# Capping Strips & Cove Formers

## Description

An extensive range of pvc, PVC-u and aluminium capping strips, cove formers and accessories used where floorcoverings are dressed up the wall to form a skirting with a neat finish, and to join floorcoverings to wall finishes. Suitable for use with carpet, resilient floorcoverings and ceramic tiles. Available in choice of colours that can be used in conjunction with floorcoverings from all major manufacturers. Suitable for a wide range of commercial applications.

Visit: [www.gradus.com](http://www.gradus.com) to download: AutoCAD drawings, Gradus & NBS Specifications, Cleaning & Maintenance, Installation Guidelines and Health & Safety Data Sheets.

## Profile

- Suitable for interior use
- Capping seals provide a decorative, neat edge where resilient floorcoverings are dressed up the wall to form a skirting. Available to suit resilient floorcoverings up to 5mm thick
- Carpet caps provide a decorative, neat edge where carpets are dressed up the wall to form a skirting. Available to suit carpets up to 7mm thick (compressed thickness)
- Cove formers provide a neat cove allowing floorcoverings to be dressed up the wall to form a skirting and supports the floorcovering at a weak point
- Tile caps are for use where ceramic wall tiles are finished against a resilient floor finish that has been dressed up the wall to form a skirting. Available to suit resilient flooring up to 6mm thick

## Installation Advice

- Capping seals and tile caps are secured to wall surfaces using contact adhesive
- Carpet caps are secured with screws and adhesives to wall surfaces

## Colour

- For larger colour swatches see page 121

# Capping Strips & Cove Formers

## Capping Seals

Flexible pvc capping seals are used to finish the top of a resilient floorcovering where it has been covered up the wall. Capping seals are usually used in conjunction with a cove former (see page 130).

HCS48 capping seal with CF38 cove former and a 3mm linoleum.

All Gradus products comply with REACH Regulation (EC) 1907-2006 - see page 6 for further details.

## Cove Formers

CCF 100 1 is a one piece pvc cove former combining a pvc capping seal.

CCF 100 1 contains up to 50% recycled content

### CCF 100 1

Co-extruded pvc with pvc capping

CCF 100 1 fitted with a broadloom carpet to allow the carpet to continue up the wall with a capping seal to protect the exposed edge.
